Recovery & Performance IV Kit

Overview

The Recovery & Performance IV Kit is designed for protocols that center on decreasing recovery time, inflammation, and replenishing essential nutrients.

Ingredients

- Olympia Vita-Complex
- Preserved Ascorbic Acid 500mg/mL
- Olympia Mineral Blend
- Amino Blend

Precautions

Do not take this product if you have allergies to any of the ingredients in the kit. Avoid if you have renal disease or impairment, reduced kidney function, liver disease, G6PD mutation, or a history of cold sores and/or allergies.
